

# **POC Project Model**

**An overview of the model set in place to learn from the POC Dataset**

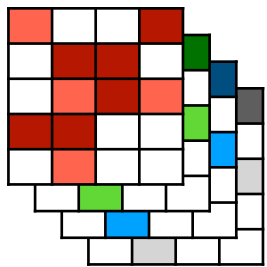

**Tristan Michel**

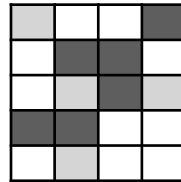

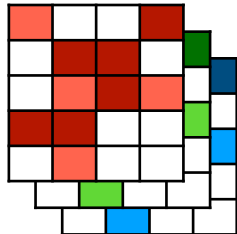

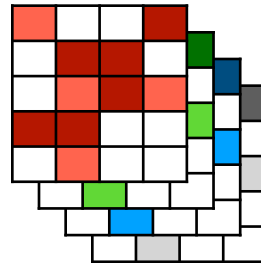

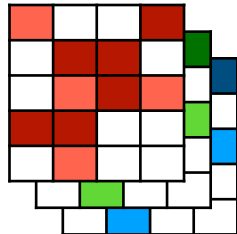

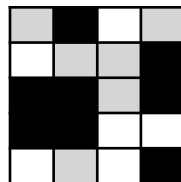

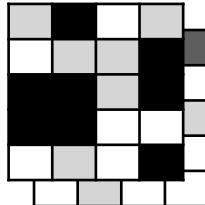

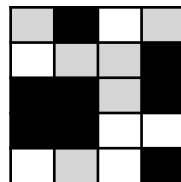

# Pipeline

Input Tensor  
(Image)

Output Tensor  
(Image and Filter  
in general)

Filter as an additional channel			
	 Filter	None	
Filter to replace the image	 Image (no modification)	 Image and Filter	 Image only
	 Filter	 Combination of Filters	 Filter only
